

THE POD RITUAL

Breakthrough with a refillable vape pod not a flamethrower.

WHAT YOU'RE BUILDING

A stealth-friendly, pod-based DMT vape:

- Cheap
- Fast
- Discreet
- (But also fragile if you don't prep right)

Propylene Glycol (PG)

Vegetable Glycerin (VG)

DMT Freebase ()

Terpenes (optional)

MIXING THE JUICE

300mg DMT + 1mL PG + 1mL VG (opt.) + 12 drops terp

Warm PG, dissolve DMT, mix with VG, fill pod.

Label pod: NOT NIC

HOW TO HIT IT

Set vape to 812W

Long calm hit, hold 1520 sec

Wait before next

You will know within 30 seconds if its a breakthrough.

POST-RITUAL

Sit 5 min, write a symbol, drink water.

Say: I survived myself. And I remembered the map.

WARNINGS

Burnt taste = dead pod

Shake before use

No chain vaping

Keep spares
